Immunization Requirement

New York State Public Health law requires that all students attending college in the state who were born on or after January 1, 1957 and who are enrolled for 6 or more chargeable contact hours file with the College proof of immunization against measles, mumps, and rubella. ALL students, regardless of age who are enrolled for six or more credit hours, must fill out the meningitis survey which is available at the Student Health Services. Failure to comply with this law within 30 days from the start of the semester will result in a student's disenrollment from classes, without refund of tuition and fees. Additional information regarding this regulation will be mailed to all admitted students. **Immunization Link:** www.ncc.edu/healthservices

Residency Requirements

To be eligible for the resident tuition rate, a student must have one year's legal residency in New York State and six months in the County of Nassau. The legal residency of unmarried students under 21 is deemed to be that of their parents. New York State students from counties other than Nassau may have the non-residency tuition rate waived by submitting a Certificate of Residency from their home county fiscal office prior to payment of tuition and fees. The submission of a valid Certificate of Residency qualifies students who reside in counties other than Nassau for the Nassau County resident tuition rate. Applications for a Certificate of Residency are available in the Bursar's Office, Student Financial Affairs or the information Desk in the Student Services Center. For students commencing study in the fall semester, the certificate will cover a full year, including fall and spring semesters and summer sessions. Certificates of Residency must be renewed each year. Students with (F1) visas do not qualify for in-state tuition. Individuals on certain visas may qualify for in-state tuition and Certificate of Residency.

Disciplinary Dismissals

If you have been dismissed from another college, you must ask for a Request for Admissions Review Committee form available in the Registrar's Office. In order for the College to make a decision, all supporting documentation regarding your individual situation should be submitted along with your application within thirty (30) of the start of the semester. Documentation provided later will only further delay your admittance to the college. If the committee does not meet before the semester begins, you will need to wait for the College's decision and postpone attendance until the following term.
