2018 Season of Giving

Many of the student families at NCC's Children's Greenhouse, our on campus child care center, struggle to provide their children with even the most basic things they need. Seven years ago we started the Season of Giving to help support these families. Student families have been so grateful and touched by the outpouring of generosity from our NCC community during a time of year that is especially difficult for them.

We are excited to continue with the Season of Giving for 2018 and if you wish to be a part of this effort, there are several ways to contribute:

SPONSOR A FAMILY

Contact Janet Walsh,
Director of the
Children's Greenhouse,
by **Monday, Nov. 19, 2018**
to get a personalized wish list
for a needy family.

The list provided will make
suggestions of clothing and
other items and donors can
choose to purchase as many
items as they would like.

DONATE GIFT CARDS OR GOODS

We gratefully accept all kinds
of donations but find that the
essential items these families
need are best supplied in the
form of gift cards to stores
like Target, Walmart, grocery
stores, gas stations, etc.

New items including books, toys,
coats, hats, gloves, mittens are
also welcome. Contact the
Greenhouse for more information.

DONATE TO THE CHILDREN'S GREENHOUSE STAY IN COLLEGE SCHOLARSHIP FUND

Send your check to the
Greenhouse, made payable to
"The Children's Greenhouse FSA" and
write "Scholarship" in memo area.
Funds from this award enable
student parents stay in school by
helping them with their
child care expenses.

We ask that donations be sent to the Greenhouse by **Friday, December 7, 2018** so we can distribute them to the families before the end of the semester.

For your convenience, faculty members and staff that use the Greenhouse will be happy to transport your donated items to the Greenhouse. You can also call or email for a pick up.

Thank you so much for all the support you give to our students who are working so hard to make a better life for themselves and their young families.

Sincerely,
The Advisory Committee
of the Children's Greenhouse
