

EMERGENCY MEDICAL TECHNICIAN (EMT)

TRAIN TO BE AN EMERGENCY MEDICAL TECHNICIAN (EMT - BASIC)

Do you have an interest in helping others who are injured? Do you want to make a difference and be an important part of an emergency team? Train to become an EMT in only four (4) months. It is the first step on a pathway to a career as a paramedic or a variety of other careers in health care.

These technicians are skilled in the provision of basic life support for the many illnesses and accidents that require emergency medical treatment prior to arrival in a hospital emergency department. EMTs are trained in patient immobilization and packaging procedures needed to prevent further injury and to provide safe transport to an appropriate medical facility.

*Applicants will be responsible to complete a background check. Once registered, a student will be provided information on completing the background check. Students are required to pay the cost of the background check. If you have been convicted of a felony, you should contact the Center for Workforce Development prior to registering for this program. A felony conviction may prevent you from participating in a clinical rotation/externship portion of the program. All cases will be reviewed on an individual basis. If it is determined that a student is not eligible to go into a clinical setting, the student may be allowed to continue with only the classroom portion of the program and may not meet requirements to sit for a certifying exam. The refund policy will be adhered to regardless of a student's eligibility for the clinical rotation/externship of any program.
