ADVANCE YOUR CAREER AT LOW-COST WITH PROJECT MANAGEMENT COURSES

Project Management is an in-demand field with strong earning potential. By completing the CAPM® course, a student will receive the required minimum 23 hours of instruction to sit for the Project Management Institute's (PMI)® CAPM® certifying exam. By passing the CAPM® exam, additional educational hours are not required for Project Management Professional (PMP®). The new PMP® exam, to be introduced on January 2, 2021, has additional emphasis on using the Agile approach and the skills necessary to lead the project team. Consider registering for our Agile and Leadership courses which provide foundational knowledge as you build your career portfolio toward becoming a PMP®. For more information on PMP®, visit the PMI® website at www.pmi.org/.

Agile Project Management Using Scrum (CE1 263 R1 & R2)

Over the past 10 years for technology-related projects, organizations have come to embrace Agile, an adaptive, change-driven project planning process. This introductory course includes the basics of Agile project management and how to use its tools and techniques effectively, such as scrum, sprints, and retrospectives. The focus is on fundamental scrum knowledge, terminology and concepts, covering topics included in the Professional Scrum Master (PSM Level 1) certification exam. The Scrum Guide is available free of charge from Scrum.org. While the course does not have specific prerequisites, the student should be familiar with basic concepts of software development, methodology, and project management. Students completing the course will receive a Certificate of Completion from Nassau Community College. For information regarding the PSM exam to obtain certification, visit the Scrum.org website. This course can serve as foundational knowledge in preparing for the new PMP®. Course requirements are a computer or tablet with internet access, and the ability to access YouTube Live and a Google folder which will contain the slides for the class.
