- AHS 202 (Spring 2<sup>nd</sup> semester)

With regards to the CHE/AHS these are reserved sections for MSC majors, **it is advised not to take these courses out of sequence;** the student runs the risk of being part time the first year of their coursework and missing important information taught off the National Board Course outline within these special sections.

PLACEMENT TEST SCORES: \_\_\_\_\_

- Applicant **MUST** satisfy remediation courses and pre-requisites before applying to program.
- The MSC department strongly suggests that a “what if” degree evaluation should be looked at to better understand the degree requirements for the A.A.S Mortuary Science. An applicant is also advised to save three(3) Liberal Arts classes to be fulltime status during the 3<sup>rd</sup> and 4<sup>th</sup> semesters, while working on pre-requisites.
- Please review the Academic Department webpage for layout of classes
- Strongly advised to contact department 516 572-7277 **Admission Fall only**
